Please note that many of the activities organized by the Duché de Bicolline are held in French only. Some activities may have age restrictions or require prior registration.

The Grande Bataille de Bicolline is an immersive, participatory event at the heart of the largest medieval-fantasy gathering in North America! Let yourself be carried away by the magic of a medieval village and meet unique and colorful characters. Elves, orcs, pirates, monsters, mages, courtesans and valiant knights gather for seven days of shows, banquets, feasts, tournaments, encounters, games and battles, leading over 7,000 participants to an epic battle!

TEAM

Organizing an event of this magnitude is only possible thanks to the dedication of a team whose primary concern is the success of the event. The Vie du Duché coordination team for the 1025 edition of the Grande Bataille de Bicolline is made up of a coordinator supported by an assistant, managers, team leaders and, of course, a dedicated team of volunteers. In addition to the Vie du Duché team, there are also those in charge of certain youth activities.

HOW TO PARTICIPATE

All in-game activities are completely free and most do not require registration. All you have to do is show up and take part, or attend, as the case may be. It is up to you to leave a tip in solars for the organizers or hosts if you received good service.

SCHEDULE AND LOCATION

The schedule and location of the various festive and cultural activities are available in the Grande Bataille de Bicolline program (detailed schedule for the week):

<https://bicolline.org/programmation-officielle/>. Please check it regularly for any changes.

YOUTH ACTIVITIES (15 AND UNDER)

ACTIVITIES FOR CHILDREN (9 AND UNDER)

Activities for children (9 and under) are open to all children, but are still targeted at specific age groups. **These are parent-child activities: supervision by a parent or responsible adult is required at all times.** Children's activities are not a childcare service.

FACE PAINTING FOR CHILDREN

New this year, a wonderful mobile face painting crew!

Katyanna and Àbicha will be wandering the Duché de Bicolline to entertain your little tykes. To keep your little ones happy, they have prepared short activities to do while waiting for their turn to have their faces painted. This mobile brigade may be in Vieille Ville or Haute Ville, but will also explore the distant lands of the Côte norske, the Cité, and perhaps more! Let the magic of pigments and brushes win you over!

STORY TIME (AGES 2 TO 9)

What could be better for little ones than to immerse themselves in a story told by an experienced storyteller in an enchanting and fantastical setting? The kind gypsy Zia will delight your children with a story to start the day off right.

PAGE CAMP (AGES 4 TO 9, BUT OPEN TO ALL)

The Page Camp is the perfect way for children to unleash their boundless imagination!

Every day, the young ones are invited to gather for fun and games organized by our charming gypsy Nadir and her wonderful team.

A variety of activities will be offered in the morning and afternoon. These activities will sometimes take place at the Clos des flos in the Faubourg and sometimes on the Auberge

balcony in Haute Ville. There will also be mobile activities and a walk to discover the wonderful world of the Duché de Bicolline. The activities are designed to cover as many areas of interest as possible during the week: they alternate between physical activity, creativity and social skills.

SQUIRE CAMP (AGES 10 TO 15)

Once again, young squires and damsels, eager to reach their sixteenth spring and tread the battlefield, will not be left behind. The Camps légendaires will offer them many activities to prepare them valiantly for the big day. On the agenda: epic games and quests where the art of wielding foam swords will almost always be required, much to the delight of young souls.

ACTIVITIES FOR YOUNG ADULTS AND ADULTS

BOOK CLUB: THE DESIRE FOR WORDS OF WISDOM (16 AND OVER)

Le Désordre du Troisième Seuil invites you to an underground book club! If literature is an art that transcends time and cultures to shape the imagination and our actions, the whispers of flora are certainly no strangers to its timelessness. Whether it's the wisdom of a brick or verses teeming with poetry, nature proves to be a gateway to the nesting of words, and we want to explore this creative force. The meditative tranquility of the undergrowth, the

immersive trance of mycelium, the healing properties of white sage, the thorny pilgrimage of a distant cactus—we want to map the channels that guide our pen strokes. To all those souls who plunge their hands into the earth and leave their bodies behind to write: we would love to read your words.

This is an invitation to cultivate the shadows between our stars, sharing the words that fill your scrolls and discussing our relationship with life and its apparent silence.

MASTER CLASSES (16 AND OVER)

TERRES DU CENTRE ARCHEOLOGY AND ANCIENT HISTORY

Listen to the proclamation echoing through the corridors of the Grandes Archives building. Hanseldorf Gerstat, guardian of ancient scrolls and renowned archaeologist, invites you on a journey to the heart of knowledge. This master class will not dwell on the modern history of the Duché de Bicolline, but will plunge you into ages long past.

On **Wednesday**, you will embark on a journey to the Age of Dreams, with a discussion about the ancient, little-known peoples who once walked the earth, concluding with the fall of the lost continent of Simaëlle. On **Friday**, the Âge des Éléments will open up to you, as the Premiers Hommes establish themselves as the new power of the ancient world. A special focus will be placed on the peoples of Ban-Ked and the recent archaeological excavations carried out by Master Gerstat in the ruins of these early ages. **Registration:** Places are limited, so it is necessary to register in advance by writing to coyotegrin@gmail.com before Wednesday, August 6, 2025.

ARCHER

Having the vision of a hawk is a blessed gift, but technique remains the essence of archery, as it is what allows you to bring down enemies, pierce armor and strike the heart of your target.

Come and learn from **Esteban** of the Rangers' guild, whose exploits echo throughout the Duché de Bicolline like the sound of a war horn. His arrows have found their mark in countless battles, and his prowess cannot be contained in

a single scroll. Learn to draw your bow with precision, aim accurately at your enemy and adjust your posture while breathing like the wind in the leaves. The art of archery lies in mastering every movement, in the fusion of body and mind. *May your arrows fly straight, your eyes scan the horizon and glory be yours!*

CALLIGRAPHY

Guided by a Mundus calligrapher, **Eilof Bran Fhain**, Grand Archivist and Scribe, you will be introduced to the art of calligraphy. You will learn how to master the pen and trace letters according to a standard recognized by the Grandes Archives. Either you will demonstrate that you have reached the first level of skill in calligraphy, allowing you to produce copies of documents to gain access to the knowledge of the Grandes Archives, or you will familiarize yourself with basic techniques and tips for developing your penmanship.

At the end of the workshop, everyone will leave with their own small manuscript, a few documents to practice their style, and a parchment certifying the level of calligraphy they have achieved. *May your knowledge become as indelible as the ink on your parchment, and may your pen be light and steady.*

SWORDSMAN

Slaying an enemy on the battlefield requires mastery and sagacity. The paths to survival are paved with tricks and strategies, like the ancient parchments that guide our steps. Come learn this ancient art under the banner of **Captain Don Miguel**, hero of the Dieu-Soleil's army. Listen to his words and learn to wield the sword with grace and precision. He will reveal the techniques of approach, feints, and

ripostes: how to circumvent armor, aim for weak points, and triumph in steel and blood. Bring your sword if possible! *May your wrists be firm, your gaze piercing, and victory smile upon you.*

COMBAT RULES

Attend our master class to familiarize yourself with the official combat rules of the Duché de Bicolline. You will learn the fundamental rules, techniques that are permitted and how to fight safely and honorably. Whether you are a novice or a seasoned knight, this session will equip you with the wisdom you need to triumph in battle.

A public session open to all is planned, but you can also show up at the 1540 during the Grande Bataille de Bicolline to reserve a time slot for your guild! *Join us to perfect your combat skills and contribute to the greatness of the Duché de Bicolline!*

GEOPOLITICAL

The Duché de Bicolline, a kingdom of a thousand mysteries, lies before you, complex and mysterious. Traveling through these lands may seem daunting, but fear not, for the great **Valmir Todbringer**, wise among the wise, will guide you. Listen carefully, for he will teach you the art of political negotiation and the subtleties of alliances and rivalries. But that's not all! The internal management of your guild is just as

crucial. Valmir will tell you the sagas of the treasurers, the masters of arms and the scribes: how to distribute funds, train your knights and maintain harmony within your ranks.

This class, my noble friends, is much more than a simple lesson. It is an open door to the rules of the Duché de Bicolline, an invitation to forge your destiny in the twists and turns of our world. *May your banners fly proudly, may your oaths be honored and may fame smile upon you like the wind in the trees of the Duché de Bicolline.*

HEALER

On the battlefield, where souls are forged and swords clash, corpses litter the ground like autumn leaves. But listen carefully, for it is said that healers bear a heavy responsibility. **Kahaïa de Bourgogne** has agreed to reveal her secrets and teach her effective way of wielding the hourglass. Listen to her words and learn to measure the time between life and death to revive brave knights who have fallen in battle, cure their wounds and revive their spirits. The healing hourglass will become your ally, your partner in this dance between life and the afterlife. *May your hands be steady and may healing skills smile upon you like a new dawn after the darkest night.*

MERCHANT

Are you seeking the art of becoming rich, the path of the skilled negotiator or simply the secrets of trade in the lands of the Duché de Bicolline? Listen, for **Gilbert Le Saltimbanque** of the Trésorerie impériale stands ready to impart his words of wisdom.

He will teach you the intricacies of trading: learn how to invest solars, forge alliances, and protect your interests. *May your words be sharp as a sword, your smiles sweet as honey and prosperity smile upon you like the spring sun.*

STRATEGIST

Leading a front line, not unlike a divine commandment, is a difficult task. But it is possible to learn the secret to victory, which lies in a deep understanding of each role within the battle. Whether you are a general or a simple soldier, **Vasily Von Krinkov**, leader of the Hellequins and Imperial Reiksmarshal, will reveal the secrets of military strategy and teach you all the elements to consider during a mass confrontation.

Learn how to maneuver the pieces on the chessboard, anticipate the enemy's moves, coordinate your troops and maintain unity within your own ranks and on the front line. *Keep your eyes on the horizon, give the right orders, and victory will be yours.*

YOUR COSTUME, YOUR CHARACTER

Get your costume ready, your character awaits! If you think your outfit is just for show, think again! Behind every cape, every piece of armor, every hand-sewn tunic lies a real form of language. What if we told you that your barbarian or black mage outfit influences the way others talk to you, look at you... and even fight you?

In this workshop discussion, you'll dive into the fascinating world of live action roleplaying costumes. No need to be a stylist or sociologist: here, we explore how costumes become a magical tool for creating characters, interacting with others and immersing yourself fully in the game world.

Your costume is much more than just a simple disguise!

TROLLBALL

Trollball is complex yet captivating. You're burning with curiosity, dreaming of wielding a sword and defending your standard, but you're not quite sure what role each brave competitor plays in this colorful team joust.

Come and meet two seasoned veterans:

Valence from the Némésis guild and **Guillaume**

Defrancoeur. They will reveal their tricks for wielding the troll head and triumphing in the

Trollball arena. Listen to their expert advice and learn the subtleties of medieval fencing. If possible, bring a homologated 110 cm sword for the activity.

May victory smile on you like the sun through the battlements of a fortified castle!

HIRSUTE CONTEST (16 AND OVER)

Ladies are welcome!

Hear the proclamation echoing through the taverns and corridors of the Duché de Bicolline. Beards and mustaches, like banners of bravery, are in the spotlight! Are you a bard of hairiness, a master of mustaches, or an artist of beards? Well, this contest is your chance to shine like steel in the sun!

- **The most beautiful beard** : Whether your hair is as long as the roots of a thousand-year-old oak tree or your chin is as proud as a king's, come defend the honor of your beard!
- **The best mustache** : Twisted, thin, majestic or wild, the art of the mustache is subtle. Show us your masterpiece!
- **Artistic beard or mustache** : Here, creativity is your ally. Braid, twist and adorn your facial hair like a blacksmith adorns his sword. Let your face be the canvas for your imagination!
- **People's choice!** : Tavern keepers, bakers and troubadours will be your judges. They will choose their favorite, the one whose facial hair moves them, inspires them or makes them laugh.

The winners of each category will compete in a grand final to determine **the most beautiful hair in the Duché de Bicolline**, all categories combined.

Prizes: The winners in each category will receive 75 solars, and the overall winner of the contest will receive an additional 75 solars!

Let your hair stand on end, sharpen your scissors and may glory accompany you like the sweet scent of beer in the taverns across the Duché de Bicolline!

Registration required on site, don't be late!

CULINARY ARTS COMPETITION (16 AND OVER)

Every year during the Grande Bataille de Bicolline, cooking enthusiasts gather to participate in the Duché's prestigious culinary arts competition. Chefs and kitchen assistants compete to concoct dishes inspired by the period, without the use of modern technology.

Judges will evaluate the creations based on a variety of criteria, ranging from flavor and originality to the story told through each dish.

*FXMMES: anyone who is not a cisgender man

TOURNAMENT OF HEARTS (18 AND OVER)

What better place to find love than the Duché de Bicolline? When experienced with sincerity or tinged with mystery and playfulness, love becomes a form of artistic expression: it mobilizes words, glances, silences, symbols and emotions. It weaves stories, inspires quests, triggers theatrics and gives birth to alliances.

Take part in the Tournament of Hearts, a speed dating event open to adults (18+) of all ages, genders and sexual and romantic orientations. You'll be able to meet potential partners and enjoy a fun, romantic or friendly experience. An interest form will be published soon, so be sure to fill it out quickly to become a candidate for the tournament!
