The Grande Bataille de Bicolline is an immersive, participatory event at the heart of the largest medieval-fantasy gathering in North America! Let yourself be carried away by the magic of a medieval village and meet unique and colorful characters. Elves, orcs, pirates, monsters, mages, courtesans and valiant knights gather for seven days of shows, banquets, feasts, tournaments, encounters, games and battles, leading over 7,000 participants to an epic battle!

TEAM

Organizing an event of this magnitude is only possible thanks to the dedication of a team whose primary concern is the success of the event. The Vie du Duché coordination team for the 1026 edition of the Grande Bataille de Bicolline is made up of a coordinator supported by an assistant, managers, team leaders and, of course, a dedicated team of volunteers. In addition to the Vie du Duché team, there are also those in charge of certain youth activities.

HOW TO PARTICIPATE

All in-game activities are completely free and most do not require registration. All you have to do is show up and take part, or attend, as the case may be. It is up to you to leave a tip in solars for the organizers or hosts if you received good service.

SCHEDULE AND LOCATION

The schedule and location of the various festive and cultural activities are available in the Grande Bataille de Bicolline program (detailed schedule for the week): [INSÉRER LIEN](#). Please check it regularly for any changes.

YOUTH ACTIVITIES (15 AND UNDER)

ACTIVITIES FOR CHILDREN (9 AND UNDER)

Activities for children (9 and under) are open to all children, but are still targeted at specific age groups. **These are parent-child activities: supervision by a parent or responsible adult is required at all times.** Children's activities are not a childcare service.

STORY TIME (AGES 2 TO 9)

What could be better for little ones than to immerse themselves in a story told by an experienced storyteller in an enchanting and fantastical setting? The kind gypsy Zia will delight your children with a story to start the day off right.

PAGE CAMP (AGES 4 TO 9, BUT OPEN TO ALL)

The Page Camp is the perfect way for children to unleash their boundless imagination!

Every day from Monday to Friday, the young ones are invited to gather for fun and games organized by our charming gypsy Nadir and her wonderful team.

A variety of activities will be offered in the morning and afternoon. These activities will sometimes take place at the Clos des flos in the Faubourg and

sometimes on the Auberge balcony in Haute Ville. There will also be mobile activities and a walk to discover the wonderful world of the Duché de Bicolline. The activities are designed to cover as many areas of interest as possible during the week: they alternate between physical activity, creativity and social skills.

SQUIRE CAMP (AGES 8 TO 16)

Once again, young squires and damsels, eager to reach their sixteenth spring and tread the battlefield, will not be left behind. The Camps légendaires will offer them many activities to prepare them valiantly for the big day. These activities take the form of epic games and quests, where the art of wielding foam swords is almost always required, much to the delight of young souls.

Meet at the green-and-white tent near the Place des tournois. From there, the groups will head to the location where the activities will take place.

Adventurers Group: Ages 8–12

Legendary Artisans Group: Ages 13–16

CULINARY ARTS COMPETITION (16 AND OVER)

Every year during the Grande Bataille de Bicolline, cooking enthusiasts gather to participate in the Duché's prestigious culinary arts competition. Chefs and kitchen assistants compete to concoct dishes inspired by the period, without the use of modern technology.

Judges will evaluate the creations based on a variety of criteria, ranging from flavor and originality to the story told through each dish.

Prizes: 1st place: 500 solars / 2nd place: 300 solars / 3rd place: 200 solars

Registration required before July 29: concoursculinairebico@gmail.com

FINERY AND CLOTHING SWAP (16 AND OVER)

The Salon de thé des Violettes, a group of fxmms* from Andore, invites you to the Finery Swap, a pop-up thrift experience. You can exchange clothes you no longer wear and adopt new ones. Start sorting through your Bicolline wardrobe!

*FXMMES: anyone who is not a cisgender man

GRAND NIGHT BAZAAR

Immerse yourself in the heart of a festive medieval night fair—a one of a kind event at the Duché de Bicolline! Inspired by the fairgrounds and flea markets of yesteryear, the Grand Bazaar opens its doors for an evening of total immersion, games of skill and chance, and artistic performances.

Here, real money isn't accepted: everything is based on bartering decorative items and using in-game

currency (cards, solars).

It's the must-attend event to unearth hidden treasures, refresh your wardrobe or campsite, and score great deals among fellow enthusiasts. Whether you're a veteran looking to pass on your relics or a newcomer in search of gear, come experience the thrill of our economy.

Get your solars and your finest items ready—the fair is waiting just for you!

HIRSUTE CONTEST

Ladies are welcome!

Hear the proclamation echoing through the taverns and corridors of the Duché de Bicolline. Beards and mustaches, like banners of bravery, are in the spotlight! Are you a bard of hairiness, a master of mustaches, or an artist of beards? Well, this contest is your chance to shine like steel in the sun!

Let your hair stand on end, sharpen your scissors and may glory accompany you like the sweet scent of beer in the taverns across the Duché de Bicolline!

Here are the four categories in which you can enter your proud foliage:

- **The most beautiful beard** : Whether your hair is as long as the roots of a thousand-year-old oak tree or your chin is as proud as a king's, come defend the honor of your beard!
- **The best mustache** : Twisted, thin, majestic or wild, the art of the mustache is subtle. Show us your masterpiece!

- **Artistic beard or mustache** : Here, creativity is your ally. Braid, twist and adorn your facial hair like a blacksmith adorns his sword. Let your face be the canvas for your imagination!
- **People's choice!** : Tavern keepers, bakers and troubadours will be your judges. They will choose their favorite, the one whose facial hair moves them, inspires them or makes them laugh.

The winners of each category will compete in a grand final to determine **the most beautiful hair in the Duché de Bicolline**, all categories combined.

Prizes: The winners in each category will receive 75 solars, and the overall winner of the contest will receive an additional 75 solars!

Registration required on site, don't be late!

MASTER CLASSES (16 AND OVER)

ARCHER

Having the vision of a hawk is a blessed gift, but technique remains the essence of archery, as it is what allows you to bring down enemies, pierce armor and strike the heart of your target.

Come and learn from **Esteban** of the Rangers' guild, whose exploits echo throughout the Duché de Bicolline like the sound of a war horn. His arrows have found their mark in countless battles, and his prowess cannot be contained in a single scroll. Learn

to draw your bow with precision, aim accurately at your enemy and adjust your posture while breathing like the wind in the leaves. The art of archery lies in mastering every movement, in the fusion of body and mind. *May your arrows fly straight, your eyes scan the horizon and glory be yours!*

CALLIGRAPHY

Guided by a Mundus calligrapher, **Eilof Bran Fhain**, Grand Archivist and Scribe, you will be introduced to the art of calligraphy. You will learn how to master the pen and trace letters according to a standard recognized by the Grandes Archives. Either you will demonstrate that you have reached the first level of skill in calligraphy, allowing you to produce copies of documents to gain access to the knowledge of the Grandes Archives, or you will familiarize yourself with basic techniques and tips for developing your penmanship.

At the end of the workshop, everyone will leave with their own small manuscript, a few documents to practice their style, and a parchment certifying the level of calligraphy they have achieved.

May your knowledge become as indelible as the ink on your parchment, and may your pen be light and steady.

CHESS

The world is a vast chessboard where every decision can lead to glory or defeat. Behind every king lie strategists; behind every pawn, unsuspected potential. But few truly know how to anticipate the enemy's moves.

Come and take a seat beside Danar the Baron, master of chess. He will reveal to you the secrets of this noble game. Learn to anticipate your opponent's intentions, to sacrifice wisely, and to protect your pieces as you would your allies on a battlefield.

May your mind be as sharp as a duellist's blade, your patience as strong as the walls of a fortress, and may every move bring you closer to checkmate.

COMBAT RULES

Join our master class, where you'll become familiar with the official combat rules of the Duché de Bicolline. You'll learn the fundamental rules, allowed techniques, and how to fight safely and with honor. Whether you're a novice or a seasoned knight, this session will equip you with the wisdom you need to triumph in battle.

Join us to perfect your art of combat and contribute to the greatness of the Duché de Bicolline!

GEOPOLITICAL

The Duché de Bicolline is a vast, vibrant, and complex world, where every army, every alliance, and every decision can influence a guild's fate. Finding your way around may seem intimidating at first, but fear not—the indispensable **Jinx Flaminius** will guide you through the intricacies of the political game with wisdom, precision, and perhaps just a touch of mischief to keep things interesting!

At the Banque de l'Hippocampe, she'll reveal the secrets of guild progression, political maneuvering, and the power dynamics that shape our lands. There, you'll learn the art of alliances, rivalries, and skillful negotiations—and above all, how to wield the pen with as much impact as the sword.

But politics isn't just played out around grand tables and through eloquent speeches. The internal management of a guild is just as essential. Treasurers, masters-at-arms, scribes, resources, responsibilities, and group cohesion—every role counts when it comes time to build something that lasts longer than a mere promise made over a drink in a tavern.

This master class is a gateway to the Duché de Bicolline's rules, guild progression, and the tools that will help you better understand, organize, and expand your place in the world of Bicolline. Whether you're a new participant, a guild leader, an ambitious officer, or simply someone curious with big ideas, come ask your questions, sharpen your understanding of the game, and leave with some insights to help you better navigate the twists and turns of the Duché de Bicolline's geopolitics.

HEALER

On the battlefield, where souls are forged and swords clash, corpses litter the ground like autumn leaves. But listen carefully, for it is said that healers bear a heavy responsibility. **Kahaïa de Bourgogne** has agreed to reveal her secrets and teach her effective way of wielding the hourglass. Listen to her words and learn to measure the time between life and death to revive brave knights who have fallen in battle, cure their wounds and revive their spirits. The healing hourglass will become your ally, your partner in this dance between life and the afterlife.

May your hands be steady and may healing skills smile upon you like a new dawn after the darkest night.

MERCHANT

Are you seeking the art of becoming rich, the path of the skilled negotiator or simply the secrets of trade in the lands of the Duché de Bicolline? Listen, for **Gilbert Le Saltimbanque** of the Trésorerie impériale stands ready to impart his words of wisdom.

He will teach you the intricacies of trading: learn how to invest solars, forge alliances, and protect your interests.

May your words be sharp as a sword, your smiles sweet as honey and prosperity smile upon you like the spring sun.

STRATEGIST

Leading a front line, not unlike a divine commandment, is a difficult task. But it is possible to learn the secret to victory, which lies in a deep understanding of each role within the battle. Whether you are a general or a simple soldier, **Vasily Von Krinkov**, leader of the Hellequins and Imperial Reiksmarshal, will reveal the secrets of military strategy and teach you all the elements to consider during a mass confrontation.

Learn how to maneuver the pieces on the chessboard, anticipate the enemy's moves, coordinate your troops and maintain unity within your own ranks and on the front line.

Keep your eyes on the horizon, give the right orders, and victory will be yours.

SWORDSMAN

Slaying an enemy on the battlefield requires mastery and sagacity. The paths to survival are paved with tricks and strategies, like the ancient parchments that guide our steps. Come learn this ancient art under the banner of **Captain Don Miguel**, hero of the Dieu-Soleil's army. Listen to his words and learn to wield the sword with grace and precision. He will reveal the techniques of approach, feints, and ripostes: how to circumvent armor, aim for weak

points, and triumph in steel and blood. Bring your sword if possible! *May your wrists be firm, your gaze piercing, and victory smile upon you.*

TERRES DU CENTRE ARCHEOLOGY AND ANCIENT HISTORY

Delve into the heart of the Grandes Archives, where **Hanseldorf Gerstat**—keeper of ancient knowledge and seasoned archaeologist—invites you to discover the foundations of the world as we know it. Amid the tall, dark wooden shelves and carefully preserved manuscripts, this master class will guide you through the major eras that shaped our continent's ancient history.

Far removed from the modern era of the Duché de Bicolline, this course will transport you to more ancient times, from the first tribes at the dawn of the Plan de l'Hippocampe to the Grands Bouleversements marking Year 0 of the Imperial Calendar.

Wednesday, you will embark on a journey into the heart of the Age of Dreams: the primordial peoples, the Innommables' first war, and the path leading to the fall of the mythical continent of Simaëlle will be on the agenda. Friday, you will discover the Age of the Elements, as the First Men emerge as the dominant power of the ancient world. We will explore the great cities and their ziggurats, as well as the mysterious sect of Tar-Akilduu, creator of the first Sytase and pioneer of the colonization of Terra'Kana.

Registration: Since space is limited, you must register in advance by emailing coyotegrin@gmail.com before Wednesday, August 5, 2026.

TROLLBALL

Trollball is complex yet captivating. You're burning with curiosity, dreaming of wielding a sword and defending your standard, but you're not quite sure what role each brave competitor plays in this colorful team joust.

Come and meet two seasoned veterans: **Valence** and **Guillaume Defrancoeur** from the Némésis guild.

They will reveal their tricks for wielding the troll head and triumphing in the Trollball arena. Listen to

their expert advice and learn the subtleties of medieval fencing. If possible, bring a homologated 110 cm sword for the activity.

May victory smile on you like the sun through the battlements of a fortified castle!

TOURNAMENT OF HEARTS (18 AND OVER)

What better place to find love than the Duché de Bicolline? When experienced with sincerity or tinged with mystery and playfulness, love becomes a form of artistic expression: it mobilizes words, glances, silences, symbols and emotions. It weaves stories, inspires quests, triggers theatrics and gives birth to alliances.

Take part in the Tournament of Hearts, a speed dating event open to adults (18+) of all ages, genders and sexual and romantic orientations. You'll be able to meet potential partners and enjoy a fun, romantic or friendly experience. An interest form will be published soon, so be sure to fill it out quickly to become a candidate for the tournament!

Registration required: <https://forms.gle/whUF7x1PGNUUkeZ37>.

Respect, consent, and joy of the game are priorities. An ID card could be required to confirm your age.

ACTIVITIES FOR EVERYONE

ANNUAL GATHERING OF HOBBITS

Dear hobbit friends, young and old, we are delighted to invite you to a magical event: the grand annual hobbit gathering, followed by a lunch on the grass.

Come one, come all, for this day promises to be memorable. Checkered tablecloths will be spread out on the soft grass. Bring your baskets filled with delicious food, and we will share our provisions and stories. Let us celebrate together life, friendship and the joy of being hobbits!

BELLY DANCING WORKSHOP

If you dream of dancing on stage like a gypsy, without stepping on other participants' toes or needing a healer to get through the day, here's your chance! The belly dancing workshop, led by the magnificent **Arianna Castillan** from the Cordélian family, is opening its doors to you.

Here you will learn the basic movements of this seductive dance. Let your feet glide across the floor and your hips sway like waves of the sea, because you too, ladies and gentlemen, can do it. Let yourself be carried away by the rhythms of the tambourines and flutes of the great Cordélian family. Let your gaze wander and let grace envelop you like a silk veil!

CODEx BOTANIA

The Désordre du Troisième Seuil invites you to a workshop on identifying and picking medicinal plants.

Far from being merely a backdrop, nature is a phenomenal force that reveals a myriad of secrets—secrets that are within our reach as soon as we look at it with an open mind. From yarrow to mugwort, and from fir to plantain, a whole pharmacopoeia lies before us. History is full of witches and druids who devoted their humble lives to these plants.

We invite you to join us on a walk to identify the plants around us and demystify their magic. This year, we're offering a walk through the heart of the city to encounter these entities that neither carts nor buildings have been able to uproot—and this vitality is perfectly embodied in their medicinal properties.

People will be on hand to help you explore this world, and you're welcome to join us if you'd like to take advantage of this gathering to share your knowledge on the subject. In addition to identification, we'll also discuss the use and preservation of these plants. There's a wealth of information to take in, so you might want to bring something to take notes with.

Children are welcome, provided they are accompanied by an adult and are able to keep up with the group for a long walk.

MAGPIES' EGG HUNT

The Magpies guild, these cunning and swift birds, invite you on a quest worthy of legends. All birds, whether majestic eagles, mischievous crows or playful sparrows, are invited to hunt for Magpie eggs—all for glory and solars!

This hunt is also open to humans, gnomes, elves, orcs and mermaids.

What awaits you:

- **Sparkling eggs:** Hidden in bushes, nests and tree hollows, Magpie eggs shine like stars. Search for them, collect them and fill your basket with unknown riches!
- **A race against the clock:** You have 30 minutes to hunt. Let your wings beat like hearts in flight, let your paws scratch the ground... time is running out.
- **The grand winner:** The player who collects the most eggs will be crowned the grand champion of the Magpies. Solars will sparkle in your eyes and your name will be sung by bards.

PERFORMANCES

MUSICAL PERFORMANCES

CANTERAINE

Beneath the fluttering banners and the merchants' smiles, in the heart of the Haute Ville, two minstrels stir up the people's jubilation. During the Journée découverte, **Canteraine** will stroll among the stalls laden with goods and fabrics. Their music rings out, clear and lively: one skillfully strums his fiddle, drawing out chords that are by turns lively and mischievous, while his companion beats the drum with a joyful rhythm that calls people to dance.

SYTAR ET ANTOEN POLSON

Joy and smiles, noble ladies and valiant knights! Come, come, for the Journée découverte is here, and with it, fun and dancing! **Sytar and Antoen Polson**, great wandering minstrels and masters of melody and storytelling, will perform in the Duché de Bicolline on the Friday of the Grande Bataille.

May laughter mingle with song, and may the magic of Sytar and Antoen brighten your day!

LES TRITONS JOUFFLUS

Hear ye, hear ye, good people! In this blessed year, the lands of our peaceful region will once again resound with the enchanting melodies of the **Tritons Joufflus**, the renowned group. From Monday to Saturday, from sunrise to sunset, the Tritons Joufflus will travel through all the neighborhoods of the Duché du Bicolline, singing ancestral ballads that evoke legends of ancient times and lost loves. Let their music transport you to distant lands, where

dreams come to life.

RABASKA

A new band is here to entertain you during the day. Let their music lull you into a relaxed state during the Journée découverte. **Rabaska** delivers a groovy, accessible, and dreamy show in an authentic and friendly atmosphere. The lyrics, filled with love, sorrow, and hope, complement the band's instrumental arrangements perfectly. Entirely self-produced and with one album to their credit, Rabaska is the result of genuine creativity that brings together a wide range of diverse styles.

EARLY EVENING SHOWS

The early evening shows, like will-o'-the-wisps in the fog of the Duché de Bicolline, are designed to amaze young and old alike. They set the stage for the late-night shows.

OPENING CEREMONY

You are invited by the Duché's Master of Ceremonies, who will guide you through the heart of the events surrounding the Grande Bataille of Bicolline in 1026, whose central plot revolves around a burning ambition hatched by Édouard d'Orléans.

Recently, agreements he believed were secured have fallen apart, and negotiations have failed. But he is not a man who backs down. He adapts. He changes course.

His gaze has turned toward the sea, and an unmissable objective has emerged: the Roxéliane archipelago. A strategic, wealthy location situated at the crossroads of two major seas. A unique opportunity. To achieve his ambitions, the Bock de Fer and the Lys Royal have been called to his side.

Whoever assembles the largest fleet—the one that makes this conquest possible—will be eligible for a new title: Seigneur of a maritime province. A place alongside the great houses renowned for their mastery of the seas. Wealth, control of the sea routes, and glory will be shared among those who have answered the call.

So, the question is in your hands: Who will raise their fleet first? Who will dare to seize this unique opportunity? Who will carve their name into the shores of Roxéliane?

Under the stars, we will raise our glasses to bravery, loyalty, and those who have chosen to take action.

Come discover the forces that will shape the outcome of the Grande Bataille.

DRAG-ON-THE-COLLINE (16 AND OVER)

Noble lords, ladies and squires, rejoice! The winds are carrying the most extraordinary news across the lands of Bicolline. The grand return of **Drag-on-the-Colline** has been announced, and it promises to be a spectacle that bards will sing about for centuries to come!

Imagine for a moment: the main stage is lit up, banners are flying in the wind and laughter echoes through the dirt-covered streets. Lights dance on

velvet and brocade when, suddenly, a creature of unparalleled beauty and daring appears, dressed in shimmering silk, adorned with sparkling jewels and wearing a wig of a thousand colors. She embodies the perfect fusion of the grace of a noble lady and the flamboyance of a knight in armor. Her heels click on the floor and her voice rings out like an elf's song in an enchanted forest.

They will sing and dance just for you. They will make you laugh out loud and perhaps even shed a tear of emotion. Because Drag-on-the-Colline is not just a show, it is a celebration of diversity, freedom and art in all its forms.

*Bring your benches, chairs, and stilts!

AWARDS CEREMONY

Dear friends and fans of tournaments and feats of skill! We are delighted to invite you to the awards ceremony in honor of our valiant champions. Their exploits, determination and talent have illuminated the lands of the Duché de Bicolline, and we look forward to celebrating them together. Join us for the awards ceremony honoring the champions of Tactika, Trollball, and the Decorum Camp!

NIGHT TROLLBALL (16 AND OVER)

Witness the climax of the Trollball tournament: the legendary women's Trollball all-star game! This long-awaited moment brings together 24 exceptional female trolleuses, selected for their remarkable talent, team spirit and exemplary fair play—the true pillars of women's Trollball at the Duché de Bicolline.

In an epic 40-minute match, our stars will compete with passion and honor, cheered on by the crowd. At the end of this legendary duel, the three stars of the match will be crowned, bringing this great celebration of sport, bravery and sisterhood to a spectacular close. Don't miss this unique moment where the game becomes legend!

YORICK'S PIT OF TALENTS

Brave souls of the Duché de Bicolline, creatures of Mundus, mad minstrels, infernal jugglers, cursed poets, warrior-musicians, bewitched dancers, and street performers from the forgotten kingdoms! Under the mocking gaze of the moons of the Grande Bataille, **Yorick le Fou** finally opens the gates of his Pit of Talents!

In the year 1026, as armies converge on the fields of glory and the fate of Mundus hangs in the balance between steel, fire, and madness, another battle is brewing... A battle of art, spectacle, and wonder. At the heart of a fantastical cabaret, Yorick will summon the greatest talents on Friday evening for a night of spellbinding music, impossible theater, epic tales, war songs, perilous acrobatics, occult dances, grotesque magic, forbidden poetry, absurd performances, and visions from the far reaches of dreams.

Everything that can make you tremble, laugh, scream, or marvel will be on display.

FOSSE AUX MONSTRES TAKE OVER!

Monsters and other vile creatures from the community will invade the Fosse aux Monstres at dusk on Wednesday during the Grande Bataille 1026!

A spectacle of terrifying savagery—featuring demonstrations of macabre rituals accompanied by guttural howls—will be presented by monsters handpicked to entertain you “in their own way.” In addition, brave and reckless gladiators will heroically attempt to face off against powerful monsters in duels and achieve the feat of surviving these hostile games—for glory or death.

The audience is invited to embody a monstrous being! This is your chance to add a creature to your character roster and become part of this event.
